

Los Sotano

The four pillars of Los Sotano (The Basement)

The Drinks: Look, Rob Kariakin, one of LA's top mixologists loves tequila and mezcal. (Don't we all?) So when we convinced him to join us here in HK to create our fun and innovative craft cocktail menu, he brought a ton of Mexico's finest agave spirits with him, many of which you won't find anywhere else in HK.

The Food: Chef Abel Ortiz A, formally of Central restaurant in Peru (4th best restaurant in the world), introduces his stylish twist on authentic Mexican dishes. The Street Tacos, Ceviches and Tableside Guacamole were made with Rob's cocktails and our extensive tequila y mezcal library in mind.

The Art: Miami graffiti trio [@urbanruben](#), [@iam_ogie](#) and [@golden305](#) traveled to HK exclusively for Los Sotano to create the one of a kind murals seen throughout the venue. The three have critically acclaimed street murals and exhibitions across Miami, including solo shows at Art Basel.

The Music: Curated by [Sol Passion Music](#), Los Sotano boasts a playful and eclectic selection of music, fluctuating between bootleg remixes of old school hip hop and irresistible, deep Latino-inspired beats. Catch our live DJs every evening from Thursday to Saturday.

Lavender Infused El Luchador Overproof Tequila, Grapefruit, Fresh Lime, Citrus Soda

Carlos Slim 500

How does one of the world's richest men drink his margaritas? He starts of with an extra añejo tequila hand selected from the Cuervo family's private selection, then pairs it with Gran Marnier's special edition 100th anniversary liqueur. And he has it personally made right there at his table, naturally.

Jose Cuervo Reserva De La Familia Tequila, Gran Marnier Cuvee Du Centenaire, Fresh Lime, Agave. Hand shaken at your table and served in a gold shaker.
